EXPERIENCE

MOBILE DEVELOPER

2021 APRIL - NOW

I started developing mobile apps since 2021. I use kotlin/java in app development and use figma as app design.[Check my Github](#)

WEB DESIGN

2021 JAN - 2021 JUN

I have designed several websites using html5 and css 3, some of the types of web I design are like Landing pages, forms, E commerce.

GAME DEVELOPER

2020 SEP - NOW

I have developed several games as an indie game developer. I used Unreal Engine 4 to develop games until now. Currently I am developing games only as a hobby. [See More](#)
